

Contract Services Positions for Pre-K-12: Specially Designed Instruction, Behavior, and Universal Design on Learning

GLRS/FDRESA need contract service support to assist with current pre-K-12: specially designed instruction, behavior, autism, and the universal design of learning initiatives. These positions require excellent work ethic including being able to work in a group setting and having excellent communication skills.

Qualifications:

Various positions require different skill sets and experiences. A master degree and at least five years of classroom experience preferred. Please send a resume, three letters of recommendation, and a cover letter outlining your greatest accomplishments with student achievement via email to kimbennett@coastalglrs.org.
